

13. Several businesses on Lakeshore and on Grand have been thinking about installing parklets. If you're willing to support such efforts by assisting in their design, construction or financing, please provide your name and email address on Question 20.

Value	Percent	Count
Yes	26.6%	141
No	50.3%	267
Maybe	23.2%	123
Total		531

One hundred and forty-one individuals pledged their support in building Grand Lake neighborhood parklets and another one hundred and twenty-three said they may be willing and able to do so. If we'd known that we'd get such a tremendous response, we would have included a request for contact information right off the bat - not a week later. Partially as a result, we only have email addresses for just over a third of those who expressed interest. If you don't receive a confirmation email in the next ten days or so and want to be added to the parklets list, please send an email to Parklets@grandlakeneighbors.org.

FYI: There's a couple of businesses on Grand Avenue that have expressed interest in building a parklet sometime in the future, but currently, on Lakeshore, Arizmendi, The Main Squeeze and the new owners at Spettro are chomping at the bit.
